

**UNIVERSITY OF CONNECTICUT
DEPARTMENT OF HISTORY**
Schedule for Completing General Examinations

Faculty advisors and students: This form (including information on all four fields with projected exam dates) needs to be filled out and turned into the Graduate Office not later than April 1 of the Ph.D. student's final year of coursework. Department policy is that students should ordinarily complete the Oral Exam no later than February 15th in the year following completion of coursework, and the Prospectus no later than the end of spring semester of the year following completion of coursework; if revisions are required, the Prospectus deadline may be extended to August 15th. Continuing financial aid rests partly on students making efficient progress toward completion of exams and the dissertation. Students should not take the examination until all previous courses have been successfully completed and all language requirements fulfilled.

Note: There must be at least five faculty members participating in the oral exam. Faculty members, particularly the Major Advisor, may serve as a field examiner for more than one field.
